## PROBE SHOULD BE COMPLETE THIS WEEK

Mayor McNamara Holds the Opinion That Investigation Should Soon be Cleared Away

## REGRETS HIS ABSENCE

Declares City Will be Cleaned Up and Kept Clean Under the New Police Control

When the machinery of investigation is properly set in motion it is probable that it will not require more than a week at the longest to clear up the records of police and civil administration past and present, such is the opinion of Mayor McNamara, who will be out of the city probably during the entire time consumed by the investigation brought about by the citizens' committee.

"Unless there is something of special import unearthed by the investigation it should not require more than a week to finish the matter," he declared. "I would like very much to be present while the investigation is in progress, but the industrial association's tour, on which I am expected to go, will take me away from the city on Saturday. I will return as soon as possible, but I sincerely hope that the investigation will not still be in continuation for the reason that it will be costing the city something like \$100 a day while it lasts. I naturally do not want such a needless expense to continue longer than is absolutely necessary."

I would like, too, to be in the city when the new chief of police takes up his duties," the mayor continued. "Of course, there is really no call for my being present, but I should like to add my instructions to those of Commissioner Booth. The only program that I would suggest that he carry out, however, is along the same lines as that already given by Mr. Booth. That is, clear the city and keep it clear. Drive out immoral women and their followers, gamblers and all other undesirable persons and keep the city clear of them. I feel confident that Chief Hill is the man for this task, and that he will perform it in a commendable manner."

## DELEGATES REJECT PLAN RECOGNIZING HUERTA AS LEADER

Suggested New President Be Placed in Office Under Mexican Constitution

AMERICANS DECLINE PROPOSED METHODS

Declare That Succession in This Manner Would Amount to Recognition by U.S.

Nisacra Falls, Ont., June 10.—Determined efforts were made today by the principals to the mediation conference to reconcile the differences of opinion that have arisen over the exact method by which the executive power in Mexico City should be transferred from the hands of General Huerta to the individual to be agreed here for the provisional presidency.

A serious disagreement has developed between the mediators and the American delegates on this point, but there was believed today to be a prospect of reaching common ground. The mediators and the Mexican delegates have proposed that the new provisional president should come into the office as provided for in the Mexican constitution, being first appointed minister of foreign affairs, by General Huerta and succeed the latter when he resigns. This method, the American delegates have argued, would be tantamount to recognition of Huerta's executive and constitutional powers, a position consistently denied not only by the American government but the constitutionalists.

The mediators were of the opinion that the United States in this instance should waive technicalities and consider that the end justified the means. They maintained that the entire world would know that Huerta had not literally chosen his successor, as the new provisional president would have been selected after the constitutionalists and the American government had been consulted. It was also suggested that the United States should not extend its recognition until there had been some popular expression, such as the acceptance by the constitutionalists of the new president when they laid down their arms after this installation. Recognition could be accorded then with the idea that the popular will in effect had been registered.

Will Rehearse Accept? The American delegates are in a difficult situation in arguing this point, for while they do not wish to agree to anything involving even a tacit recognition of General Huerta as the constitutional ruler of Mexico, they are in the dark as to what the constitutionalists will or will not accept. It is for this reason that all parties here would like to talk with constitutionalist representative, but no agreement has been found to consent to this. Many of the mediation principals are of the opinion that if the constitutionalists know the amount of recognition they were to get as a result of the mediation protocol they

## Billiousness

When the liver refuses to work there is no need for the combination of bile, mucus and other things which cause the trouble. They bring back to the digestive organs, and do not give.

## Parmelee's Vegetable Pills

They drive out the unwanted food.

When the machinery of investigation is properly set in motion it is probable that it will not require more than a week at the longest to clear up the records of police and civil administration past and present, such is the opinion of Mayor McNamara, who will be out of the city probably during the entire time consumed by the investigation brought about by the citizens' committee.

## AMERICAN AVIATORS DO VALUABLE SCOUTING AT VERA CRUZ.

Lieutenant Melvin L. Stolz, of the aviation branch of the United States army, who is one of the aviators attached to Admiral Badger's fleet at Vera Cruz. Stolz and his colleagues are performing valuable scout duty in their flights over the country surrounding Vera Cruz. They have made many charts showing the location of General Huerta's troops and noted every move of the Mexican soldiers in their work of destroying the National Mexican Railway running between Vera Cruz and Mexico City.

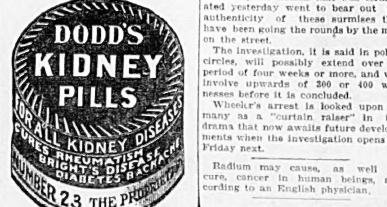

## 5500 HEAD CATTLE SEIZED AT SWIFT CURRENT BY CUSTOMS

Swift Current, June 10.—Five thousand and five hundred head of cattle, the property of the Matador Ranch company, north of Swift Current, were yesterday seized by special officer G. H. Hughes of the Canadian customs department for alleged underdeclaration to the amount of \$22,665. The cattle are placed in the charge of special officers and will be held pending the action of the company's officers. Hughes came to Swift Current two weeks ago and looked into the matter and the seizure today is the result of his investigations. The Matador company has ranches in Mexico, Texas, Arizona, Colorado. It is a British concern, and one of the wealthiest ranch companies in the world. The headquarters of the company is Trinidad, Colorado, and the manager here is in no communication with the head offices there.

Must Have More Schools. Winnipeg, June 10.—The population of Winnipeg, as a result of immigration, increases so rapidly that the school board is hard put to it to keep school accommodation commensurate with the requirements. The position was discussed at a meeting of the board last night, when it was decided to build another school, capable of accommodating 1,500, at a cost of \$229,000. The new school will be named after Earl Grey, and will be one of the finest in the city.

Winnipeg Plumbers on Strike. Winnipeg, June 10.—The plumbers' union went out on strike yesterday. They demanded an increase from the present scale of 15 cents per hour to 60 cents per hour. The majority of the contractors refused to accede to the demand, and the plumbers, with whom are included steamfitters, gas fitters and like trades, promptly walked out.

## HELP THE GIRLS!

HELP THE GIRLS! Radium may cause, as well as cure, cancer in human beings, according to an English physician.

## HELP THE SISTER STINGER'S NOW AT THE GATE

What the Y.W.C.A., Through its Three Travelers' Aids, Does for Lonely Girls.

## A SPLENDID WORK OF SUCCOR AND HELP

Campaign for Funds Will Open Next Week; Who Has a Ten Dollar Bill?

At any one of Edmonton's several big railroad stations the moving eye will be arrested by a figure which appeals to one's curiosity—moving silently, stealthily, almost unperceived by the crowd among—seeking, yet not obtrusive. Then as upon the figure's lap is placed a small, round, leather-bound book, a "Travelers' Aid," Y.W.C.A., "light dawns."

But the subject interests one to the point of enquiry "Why?" On worthy mission bent, certainly—but what?—surely the traveling public can well behead to the one of her needs?—That boisterous talk-talking fellow over there—broad of shoulder, assuming of gait—a wholesale drummer from Montreal maybe—seems he does not commiserate in wit to see his colleagues unaided.

Then why "Travelers' Aid"? Why this violence at the station—Why such solicitation surveillance apparent?—Unless, "wouldn't you?"—the thought suffers an interruption, "seeking figure with the badge is intent on observing a newcomer."

One only of a thousand similar cases the "Y's" sweetest workers care for in a year, but another drop of the mill of human kindness.

And now this institution of noble efforts comes to you, in the form of a campaign and asks \$10.00 from business men, from ladies—solists—but the reality of the matter is the need of extension of influence. When they apply at your office, your home—your school, your church, your club, wouldn't you love to help them—to help them help womanhood higher?

## MAY ESTABLISH A HOME FOR WAYWARD GIRLS IN ALBERTA

Winnipeg, June 10.—The establishment of a home for wayward girls probably will be under advancement by the provincial government. This project, which was advocated at the public meeting held May 29, last, was referred to the committee to Attorney-General C. W. Cross and to A. P. Irvine, member of the house from Edmonton.

The matter was read at the council meeting last night, when the resolution was taken the matter up and to urge that the government accede with the request for aid in the resolution passed at the meeting.

Candle lamps sufficiently brilliant for use on bicycles and motorcycles are being used in France.

## Backache Banished.

Thousands of men and women are suffering from weak, lame and aching backs, and are unable to do any work for the pain.

The stitches, twinges and twinges are enough and give enough misery, but, back of the backache, and the cause of it all are the disordered kidneys crying out for relief.

Backache, kidney aches, malaise, and all the other troubles that are there's serious trouble ahead for you if you neglect it.

Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.

Help the Girls!

## NO FOUNDATION FOR REPORT MEN KILLED AND BRIDGE HARMED.

There was a rumor going round the streets of the city yesterday and the day before that the floods of last week and the beginning of this, had destroyed the bridge of the city of Edmonton, Dunvegan and B. C. railway over the Athabasca river at Smith, where under construction, and that six men had been killed there. This report was absolutely untrue. It was stated by W. R. Smith, chief engineer of the railway, last night. Although the river rose nearly a foot before, only a little false work under a riveted span gave way and no harm was done. Mr. Smith reports that work on the big bridge is progressing fast.

## TRIED TO FILL ALCOHOL LAMP WHILE BURNING

Miraculous Escape of George Gray at Alberta Studio on Jasper Ave.

While endeavoring to fill a spirit lamp with wood alcohol when it, George Gray was severely injured at the Alberta studio, 425 Jasper street, yesterday afternoon, Gray who is an employee of the studio, was engaged in development work at the time. Thoughtlessly, and not realizing the extreme danger, he started to fill the lamp from a can of spirits without extinguishing it.

In less than a moment's time he was enveloped in flame, the tongue of fire, as soon as it reached the contents, causing an instantaneous explosion. Not only was he himself in grave danger, but also others of the staff that were present at the time. As the explosion spread, the premises were for a time threatened. An alarm was rung in and Nos. 1 and 2 brigades were soon on the scene. They quickly succeeded in putting out the conflagration.

Presence of mind and decisive action were possibly the only things that saved Gray's life. Gaining the outside by a narrow escape, he was quickly smothered by anything but the smoke of the explosion. Fortunately he had a miraculous escape. The ambulance was soon on the scene and was rushed to the Royal Alexandra hospital, where he was given attention by Dr. Holmes.

It was reported that the injuries were not serious, but that the ambulance and the ambulance were on the scene. The ambulance was on the scene. The ambulance was on the scene. The ambulance was on the scene.

During the evening letters and telegrams of regret were read from those who were unable to attend the convention, among them being, Hon. Joseph Bernier, provincial secretary of Manitoba.

The session of the third annual gathering in the history of the society in this province, will draw to a close this evening. Among the addresses that will be given, is "Les Premiers Missionnaires au Canada," by Rev. Xavier-Marie and "La France et le Canada," by Father Gagnon.

During the afternoon sitting an entertainment will also be held under the auspices of the children from the Separate school, at 3 o'clock.

A feature of the closing of each evening's program is the singing of the National Anthem in French, "Dieu protège le Roi!"

## IMPERIAL UNITY IN AMERICA IS OWED TO FRENCH CULTURE

Many Stirring Addresses Delivered at Convention Now in Session.

## ENTHUSIASM AUGMENTED AS CONGRESS CONTINUES

Tonight Marks Closing of Third Annual Gathering Held in Province.

The convention of the "Société du parler Français d'Alberta" enjoyed an augmented attendance last night over that of the previous opening of the congress. While the Separate school hall was comfortably filled on Monday evening, undoubtedly the largeness of the weather hindered many citizens from a packed house. Tuesday evening saw a packed house with every accommodation at a premium.

Interpreted throughout the speech-making were rendered a number of vocal and instrumental numbers. Mr. Ernest Gagnon sang in splendid style the song, "Les Français du Québec," while J. P. L'Amour, of the orchestra, furnished several excellent selections. The students' choir of the Separate school of Archbishop Langevin was the first speaker of the evening. He dwelt on the organization in his own province, giving details as to their work and accomplishments.

Further Adam of Joubert, representing Justice Pendergast, made mention of an article recently published in the British Review by Francis Gray. In it the writer stated that the French language and French culture would be the reason of the imperial spirit of unity that existed in America today. The same article he went on to say was also commented on in the London Times. Continuing, he pointed out the broad spirit of the French Canadian people in the province of Quebec. While in that province there was only one county in which the English speaking race were in the majority, nevertheless, despite this fact, there were no less than 70 English members in the local legislature.

Voltaire, Marquis of Winipeg, author of "The History of the Catholic Church in Western Canada," spoke on the unity of the French language in the west. As early as 1847, he stated, the Indians had been taught to speak French by the "Cours de Bibles."

During the evening letters and telegrams of regret were read from those who were unable to attend the convention, among them being, Hon. Joseph Bernier, provincial secretary of Manitoba.

### A Grand Exhibition of Women's Lovely Summer Waists

We should like every woman in Edmonton to view this display of beautiful summer waists. Whether you are interested in a tailored or lingerie waist at 95c or in an elaborate chiffon waist at \$15.00 you will find the Ramsey style and the Ramsey value unsurpassable at either price. There is a charming waist of floral marquisette at the modest price of \$2.75. It has low neck and kimono sleeves and pretty hemstitched, scalloped frill around the neck and down the front. It comes in blue, pink and mauve.

At \$3.75 we offer quite an extensive assortment of pretty styles. One is a silk crepe waist with kimono sleeves and low neck. Has neatly gathered frill of crepe de chine—the frill has hemstitched edges.

Another lovely waist at the same price is made of white Habitu silk. Has long kimono sleeves and fastens with large round pearl buttons. Neck and sleeves are trimmed with fine lace.

Still another \$3.75 waist is made of fine crepe de chine in soft shades of maize, fango, sky, Copenhagen and pink, as well as in white. Has low neck and 3/4 kimono sleeves—neck and sleeves finished with a neat hemstitched frill.

### "Redfern" Corsets Are Aristocratic to "The Queen's Taste"

Your own mirror will prove what we say of Redfern Corsets. The new models include shapes suitable for every fashionable effect. They mold the figure into graceful, beautiful lines without undue pressure. They are designed by experts who know how to fashion the figure so as to best set off the modern gown. Your friends can see, and your mirror will show you how fashionably the Redfern Corset shapes. Prices \$4.00 to \$12.00

No. 1031 is of fine brocaded silk warp French coutil. It has a medium low bust and 16 1/2 inch hips. Trimmed with pretty silk embroidery. Sizes 19 to 26. The pair ..... **\$10.00**

### VOTE OF NEARLY THREE TO ONE IN FAVOR OF UNION

Presbyterian General Assembly Endorses Proposal of the Committee.

### AMENDMENT MOVED BY DR. MCQUEEN IS LOST

Moderator Will Be Freed From Duties and Will Travel Through Dominion.

Woodstock, Ont., June 10.—The annual meeting of the General Assembly of the Presbyterian Church in Canada, after the most interesting and successful session yet known, and after the development of the business of the assembly, yet appeared in the treatment of this issue, the vote on the question was taken in the afternoon. Two amendments were proposed to the motion favoring union, and consequently the committee was called on to record their decision on three occasions. The various votes were as follows:

The assembly was not content to extend the time limit, and the voting began on the acceptance of union, 257; against union, 137.  
 On the second amendment, for union, 257; against union, 137.  
 On the original motion, for union, 256; against union, 139.  
 The great influence of Rev. Dr. Grant, general superintendent of home missions, and chairman of the finance board, appeared to be three to one in favor of union, and the decisive vote for the continuance of the negotiations will probably mean the complete retirement of the friends of the union position which he has filled in the service of the church.

### Dr. McQueen Opposed.

The assembly was not content to extend the time limit, and the voting began on the acceptance of union, 257; against union, 137.  
 On the second amendment, for union, 257; against union, 137.  
 On the original motion, for union, 256; against union, 139.  
 The great influence of Rev. Dr. Grant, general superintendent of home missions, and chairman of the finance board, appeared to be three to one in favor of union, and the decisive vote for the continuance of the negotiations will probably mean the complete retirement of the friends of the union position which he has filled in the service of the church.

The report of the union committee was one which commended itself to all with the exception of the opponents of the union cause. During the next 12 months nothing will be done except to carry on a conference with the representatives of the Methodist and Congregational churches. The amended basis of union will be submitted to the assembly of 1915 in Kingston, and it will then, in the fall of 1915, be submitted to a conference with the representatives of the Methodist and Congregational churches. Although the opposition to union in the present assembly is strong, the friends of the union cause appear to be fully convinced that in forwarding their cause they are acting in accordance with their duty.

### Striking Endorsement.

One of the features of the discussion of the afternoon was a brief contribution to the debate made by Rev. W. T. McMillen, Dr. McMillen was for over forty-six years the minister of the church in the sessions of the assembly are being held. He has been the pastor emeritus for six or seven years. His total service of the congregation has been extended over more than half a century.  
 "I cannot go down to the grave," he said, "without expressing on this occasion my complete sympathy with this great cause of union, to which the church has been struggling for years ago."  
 Dr. McMillen then referred to the fact that the opponents of church union have many occasions declared that they were ready to follow the guiding hand of God, and he declared

that never in the history of the church had the guidance of God been more signally manifested than in the negotiations which had been carried on for union with these two sister churches. Rev. W. G. Brown of Red Deer declared that he made no appeal to the professors in the theological colleges, or to the officials of the church who occupy positions of great influence. His appeal, he said, was to the rank and file of the church, especially to the eldership and membership of the churches. Mr. Brown indicated that almost all the leaders of the denomination in these positions were favorable to the union cause.

### Moderator to Travel.

By special action of the assembly the Rev. Dr. W. T. Herridge will probably be set free from the work of his congregation for the period of a year in order that he may give his entire time to the general work of the church. Such action as this has never been taken in the past. Last year the Rev. Dr. Murdoch MacKenzie was the moderator and was a foreign missionary for the church. Since he was at home, he was able to spend the entire year in the general work of the denomination. The benefit from his services in this regard was so great that the present assembly desired to not only set him free but to permit him to spend the next 12 months visiting congregations in all parts of Canada, delivering special addresses. The congregation of St. Andrew's church, Ottawa, has as yet no intimation of this

### HON. WALTER SCOTT PAYS TRIBUTE NEW GOVERNOR-GENERAL

London, June 10.—Hon. Walter Scott returns to Canada tomorrow after spending a few days in London. Since leaving Regina early in January he has visited New Zealand, Australia, Ceylon, India and also three days in Egypt. His health has greatly improved, and he says he is ready now for work. He said that all the people of Saskatchewan must greatly appreciate Prince Alexander of Teck's two speeches, especially after certain harsh criticisms by the Canadian press upon his appointment and a scurrilous despatch published in certain Canadian journals from New York that the prince had evidently taken pains to understand western conditions. He would, Premier Scott believed, make an excellent governor-general.

### HINDUS NOW REGRET FOOLHARDY VOYAGE TO THIS COUNTRY

Vancouver, June 10.—"We are sorry the ship ever came," declared Huda Singh, one of the most prominent Hindus residing in this city yesterday, referring to the arrival of the Komagata Maru with the 363 Hindus aboard. "It has made our people angry," he said, "and they are preaching against us a holy war. The whole affair seems to have been managed without forethought. Gurud Singh is a fool and now they must go back to the Punjab. The people of this country regard us as strangers at first when we came but their fire has died down and we do not want it to be lighted again."

### Queen Committed for Trial.

Saskatoon, June 10.—John Queen, of Saskatoon, was yesterday committed for trial to Prince Albert, charged with the death of J. J. Peters in a bar-room row at Bathurst on June 1. The preliminary hearing was conducted by Inspector Douglas of the R.N.W.M.P. and took place at Bathurst.

### Watrous Man Drops Dead.

Saskatoon, June 10.—Walter Anderson, a well known Watrous man, dropped dead here yesterday, due to heart failure.

### GOLF AND BRIDGE ARE GRAVE SOCIAL HARMS, HE STATES

London, June 10.—Dr. Layton, headmaster of Eton, at a meeting in support of the "duty and discipline movement," at Lansdowne House, said that on which this country spent \$10,000,000 yearly, did a grave social harm, because the players insisted upon having "daddies" at all hours, and thus created a "blind alley."  
 "Bridge, too," he described as a grave national danger. Any game, he said, was a menace that kept Cambridge undergraduates dull on Sunday and other mornings, and throughout the whole day in rooms full of tobacco smoke, when they ought to be out in the sunshine.

### Two Boys Electrocuted.

Fort Colborne, Ont., June 10.—Alfred Brennan and Fred Archer, two boys about 14 years of age, while bathing yesterday evening near the government pier, touched a live wire and were instantly electrocuted. Another lad, William Lewis, was badly burned, but will recover.

### Awarded Rhodes Scholarship.

Vancouver, June 10.—Basil St. Elmo Allen, a 22-year-old native son of Vancouver, has been selected as this year's Rhodes scholar for British Columbia, and graduated from McGill with honors last year with the degree of B.A.

## SOCIAL AND PERSONAL

### THE GAY WORLD.

Mrs. A. F. Ewing leaves for Barrie, Ont. tonight to attend the wedding of her niece. Mr. Allan Harrold left on Sunday.

Miss Lois Dawson is visiting in Canmore.

Mrs. C. Lucas is entertaining at ten today for her sister-in-law from Winnipeg.

Rev. Dr. W. L. Armstrong will accompany those taking advantage of the club excursion and will be one of the speakers at Winnipeg, St. Paul, Racine, Chicago, Battle Creek and Detroit.

Mrs. Bay Stephens of Collingwood is expected the end of the week to visit her sister Mrs. Seabrook.

Among those who attended the performance at the Empire last evening were Mr. and Mrs. Vernon Barford, Miss Haycock, Mr. L. J. Jell, Mr. and Mrs. Wilkin, Miss Carter, Mr. and Mrs. Tom McNamara, Mr. and Mrs. E. Reynolds, Mr. W. H. Harris, Miss J. Pace, Miss Morris, Dr. Gunn, Mr. and Mrs. Waddell, Madame Leandi, Mr. Austin Beck, Mr. Arthur Finn.

Mr. and Mrs. Cecil have gone to Haast and expect to be away a month.

The garden party in aid of St. Anthony's church which was to have taken place today has been postponed until further notice.

Mr. and Mrs. S. Williams of Calgary are in the city.

Mr. E. W. Dyer, his family, and Dr. and Mrs. Arthur Rooney are nicely settled in their new home on the south side.

### Enter Your Baby in The Contest

Entries to the Better Babies Contest must all be in our hands by Saturday, June 10, 1914. We ask you to make entry at the earliest possible moment—you are cordially urged to take advantage of the Contest.

How to make entry. We shall be glad to supply you on request with a pamphlet explaining in detail just how the Contest will be conducted.

You make entry by filling in the name and address, age and sex of the baby on the form provided on the face of the score card and mailing it in to us. Score cards may be had from E. C. D. Milk Men, from our Jasper Branch, or from our main office, 1848 Strathcona Road.

Every child from 6 months to 3 years of age, free from contagious disease is eligible to enter. No fees, no conditions of any kind. Get our explanatory pamphlet.

### "Women Will Get Votes After Last Inch of Mischief is Done"

London, June 10.—Here is George Bernard Shaw's contribution on the question of letting suffragette hunger strikers starve to death, which the London Evening Standard is conducting: "As we have neither conviction enough to dare to starve the militants to death, nor common sense enough to pledge ourselves to an inevitable reform, there is nothing to be done but wait until the women provoke the mob to lynch them and the government hangs a satisfactory number of the mob in expiation."

"Then the women will get their votes after the last inch of mischief and suffering has been squeezed out of a situation which several civilized and reasonable countries have already disposed of without the slightest trouble."

"That is England all over."

### Theatres and Picture Shows

#### CHAUNCEY OLCOTT TAKES FRONT SEAT TO SE PANTAGES

Charlie Reilly, who heads the bill at Pantages theater this week with a well balanced company in a delightful little sketch entitled, "The Irish Emigrant," gives credit of his success to Chauncey Olcott, the world famous Irish tenor.

"It was two years ago," said Mr. Reilly, "that I met Chauncey Olcott. He urged me then to go in for the folk song of Ireland, and I was he urged that finally I took a small part to start. Every day I come to like it more and intend to devote the remainder of my stage career to it. Last week Mr. Olcott, unknown to me at the time, sat in the front row of the house where I was playing at Winnipeg. After the performance there was a knock on my dressing room door and when I threw the door open, there he stood with his wonderful smile spreading wide on his face. He asked me if I was sorry I had taken his advice but there was a twinkle in his eye and I just met his smile with another. I love Irish sketches, for in nine out of every ten, they are clean and wholesome."

Olivia Hirsch has shown herself to be a clever character artist and burrows into the heart of the audience with her take off on a heavy girl and the modern baseball rooster. Delmore and Lee are the most sensational acrobatic couple which have ever appeared on the local stage. Fred Woodward gives the audience ten minutes of continual laughter with his presentation of the mule, Hank, in a sketch called "Wise Old Hawk." The Pantagescope concludes the bill.

#### "A MAN'S SHADOW" ESPECIALLY BOOKED FOR THE EMPRESS

Another example of the type of the highest quality of films that are today produced in the special six-part photodrama, "A Man's Shadow," which has been especially booked for a two day engagement at the Empress photograph theater.

It takes six large reels to exhibit this famous film and the pictures are colored something new in the film world. The film is an adaptation from a celebrated novel written by the imaginative and famous author of French fiction, Jules Verne. The story is of a great detective and every element of the stirring adventures and experiences of these interesting characters is completely and entertainingly told in this picture. Few photo-plays offer finer fields for success than the development of the most interesting stories of the nature of "Man's Shadow," and this distinguished production is said to be one of the best examples of this style of photo-drama.

Not only does it afford rich entertainment, but it is also said to be an intellectual treat, the character studies, the many lessons of good that are drawn from the film, are a revelation. W. Stephen Bush, perhaps the greatest of all moving picture reviewers and the acknowledged authority of the silent drama in his review and criticism. Whether you look at it with the eye of the critic or the eye of the exhibitor, the verdict must be equally flattering to the producer. Plot and action measure to the highest standard. Never, for the briefest moment, is there the slightest dragging of the progress of the story; it is full measure but it never runs over. The theme which the author has chosen for his which will never lose its spell for the heart of man or woman.

Seldom are such flattering words used by a critic of such high standing as Mr. Bush and from it the Edmonton public can feel well assured that this is a production of the very highest quality.

The Empress management have procured "Man's Shadow," for the two days, today and Thursday, and it is pleasing to note that they have seen fit to exhibit it at but the usual low price of admission.

Prominent Lumberman Dead.  
Nelson, June 10.—Albert Emil Frank, formerly of Calgary, secretary of the Mountain Lumber Manufacturers' association, which has retail offices in many prairie cities, died at his home yesterday morning from pneumonia. He was 24 years of age and leaves a widow and one daughter.

Carl Schmidt, found ill in a 15-cent lodging house in New York the other night, was discovered to have \$50,000 concealed in his ragged clothing.

King Gustav Improving.  
Stockholm, Sweden, June 10.—Reports from Carlbad, where King Gustav is convalescing from an operation for ulcer of the stomach, which was performed last April, say that the king is making steady progress towards complete recovery. He is increasing noticeably in weight.

Montreal, June 10.—Sir Wm. Macdonald's donation to the McGill College of Agriculture, now total \$7,000,000, according to figures given yesterday afternoon by Dr. Harrison, the principal, at the annual convention of McGill university, for presenting degrees in medicine, music, science and agriculture.

King Gustav Improving.  
Stockholm, Sweden, June 10.—Reports from Carlbad, where King Gustav is convalescing from an operation for ulcer of the stomach, which was performed last April, say that the king is making steady progress towards complete recovery. He is increasing noticeably in weight.

Montreal, June 10.—Representatives of the business interests of the Dominion to a large extent, and especially representative of the industries which proudly label their goods "Made in Canada," several hundred delegates to the annual convention of the Canadian Manufacturers' association, have temporarily settled down in Montreal.

Many of them have brought their ladies, and their three days' sojourn in this city will include a trip in the harbor and several social functions, winding up with a grand banquet on Thursday night. Yesterday was the opening day of the convention. The attendance was large, as befits an organization embracing more than 3,000 members, and as there are important questions before the manufacturers, a good deal of interest will be taken in their deliberations. Besides the address of President C. B. Gordon of Montreal yesterday afternoon, there were reports as to the association's finances, membership, etc., and a report from the insurance committee. Two thousand dollars was voted by the association during the afternoon to be suffered through the sinking of the Empress of Ireland. This sum had been left over from the Regina cyclone fund, and the association unanimously agreed that it should be given to the Empress sufferers.

The first social event of the convention was a reception last night at the Hotel Macdonald. The guests were received by President Gordon, second Vice-President J. H. Sheppard, and T. H. Howard, chairman of the Montreal branch of the association. A dance followed the reception.

"The Mutual Grip" will also be shown as a further feature.

Along with a number of other films will be a new skit put on by the talented Morton company of players. With each change of pictures these versatile and accomplished players put on a new high class musical and comedy skit. Not content with offering to the Edmonton theater-goers the best of the film markets offer, the enterprising Bill Morton and his company to play their very entertaining playlets and that they have already established for themselves a most satisfied and ardent following is apparent. There is no increase of admission for these double programs.

ABOLISH THE BAR QUESTION SUPREME ISSUE IN ONTARIO

Toronto, June 10.—One of the most notable features of the present election campaign in Ontario is the active part being taken by the pulpit. Already three clergymen have taken issue with candidates in the fight, and in two instances they are opposing members of Sir James Whitney's cabinet.

Dr. A. A. Rogers, pastor of Knox Presbyterian church in that town, yesterday in West Coburn raised his standard in the fight against the liquor traffic. Rev. John Brown against Hon. Jas. Duff, administrator of agriculture, and Rev. J. C. Tolan to oppose Hon. Dr. J. O. Beattie in North York.

In the Parkdale division of Toronto yesterday the liberals decided not to name a candidate, but they will support W. McTavish, nominee of the Young Men's association, a temperance organization.

As the campaign progresses the abolition-the-bar policy is unmistakably becoming the supreme issue, the proof lying in the fact that the nominating conventions are ignoring tax and form and the subject of economy in the administration of the province's affairs and the centering their energies on either destitute or advocating the abolition of the bar. Three of the Methodist conferences in session in different parts of the province last week placed themselves on record as strongly favoring prohibition.

#### "THE STILETTO" BIG FEATURE APPEARING AT BIJU THEATRE

The big business of today is engineered by men of genius. The hard and severe tests of modern business are the effective tests of the one man's "Stiletto," gives credit of his success to Chauncey Olcott, the world famous Irish tenor.

Mr. Griffiths draws an annual salary that rivals Prince's ransoms. Imagine a man in this industry that earns an annual dividend of over \$125,000, yet that is what David W. Griffiths of the Mutual Film company, secures for his services, and that he can be as well assured, for the hard headed business men of these large corporations would scarcely pay such kindly sums unless value would come to them for what is paid.

The people of Edmonton have an opportunity of seeing some of the work of this genius. The big feature production, "The Stiletto," is a film produced under the master eye of Mr. Griffiths.

This picture will be on the mid-week program at the Bijou theater running for today and tomorrow. It is an example of the highest quality of pictures that are being manufactured and now presented to the public.

"The Mutual Grip" will also be shown as a further feature.

Along with a number of other films will be a new skit put on by the talented Morton company of players. With each change of pictures these versatile and accomplished players put on a new high class musical and comedy skit. Not content with offering to the Edmonton theater-goers the best of the film markets offer, the enterprising Bill Morton and his company to play their very entertaining playlets and that they have already established for themselves a most satisfied and ardent following is apparent. There is no increase of admission for these double programs.

Two thousand dollars was voted by the association during the afternoon to be suffered through the sinking of the Empress of Ireland. This sum had been left over from the Regina cyclone fund, and the association unanimously agreed that it should be given to the Empress sufferers.

The first social event of the convention was a reception last night at the Hotel Macdonald. The guests were received by President Gordon, second Vice-President J. H. Sheppard, and T. H. Howard, chairman of the Montreal branch of the association. A dance followed the reception.

"The Mutual Grip" will also be shown as a further feature.

Along with a number of other films will be a new skit put on by the talented Morton company of players. With each change of pictures these versatile and accomplished players put on a new high class musical and comedy skit. Not content with offering to the Edmonton theater-goers the best of the film markets offer, the enterprising Bill Morton and his company to play their very entertaining playlets and that they have already established for themselves a most satisfied and ardent following is apparent. There is no increase of admission for these double programs.

ABOLISH THE BAR QUESTION SUPREME ISSUE IN ONTARIO

Toronto, June 10.—One of the most notable features of the present election campaign in Ontario is the active part being taken by the pulpit. Already three clergymen have taken issue with candidates in the fight, and in two instances they are opposing members of Sir James Whitney's cabinet.

Dr. A. A. Rogers, pastor of Knox Presbyterian church in that town, yesterday in West Coburn raised his standard in the fight against the liquor traffic. Rev. John Brown against Hon. Jas. Duff, administrator of agriculture, and Rev. J. C. Tolan to oppose Hon. Dr. J. O. Beattie in North York.

In the Parkdale division of Toronto yesterday the liberals decided not to name a candidate, but they will support W. McTavish, nominee of the Young Men's association, a temperance organization.

As the campaign progresses the abolition-the-bar policy is unmistakably becoming the supreme issue, the proof lying in the fact that the nominating conventions are ignoring tax and form and the subject of economy in the administration of the province's affairs and the centering their energies on either destitute or advocating the abolition of the bar. Three of the Methodist conferences in session in different parts of the province last week placed themselves on record as strongly favoring prohibition.

\$700,000 to McGill.  
Montreal, June 10.—Sir Wm. Macdonald's donation to the McGill College of Agriculture, now total \$7,000,000, according to figures given yesterday afternoon by Dr. Harrison, the principal, at the annual convention of McGill university, for presenting degrees in medicine, music, science and agriculture.

King Gustav Improving.  
Stockholm, Sweden, June 10.—Reports from Carlbad, where King Gustav is convalescing from an operation for ulcer of the stomach, which was performed last April, say that the king is making steady progress towards complete recovery. He is increasing noticeably in weight.

Montreal, June 10.—Representatives of the business interests of the Dominion to a large extent, and especially representative of the industries which proudly label their goods "Made in Canada," several hundred delegates to the annual convention of the Canadian Manufacturers' association, have temporarily settled down in Montreal.

Many of them have brought their ladies, and their three days' sojourn in this city will include a trip in the harbor and several social functions, winding up with a grand banquet on Thursday night. Yesterday was the opening day of the convention. The attendance was large, as befits an organization embracing more than 3,000 members, and as there are important questions before the manufacturers, a good deal of interest will be taken in their deliberations. Besides the address of President C. B. Gordon of Montreal yesterday afternoon, there were reports as to the association's finances, membership, etc., and a report from the insurance committee. Two thousand dollars was voted by the association during the afternoon to be suffered through the sinking of the Empress of Ireland. This sum had been left over from the Regina cyclone fund, and the association unanimously agreed that it should be given to the Empress sufferers.

## CHARGES DROPPED WHEN ROYALTY IS FOUND ON LISTS

Many Noble Titles, Including Prince of Wales, Found on Subscription Rolls.

NOW GOVERNMENT WON'T PROSECUTE

Believed That Payment Points to Blackmail Rather Than Suffrage Sympathy.

London, June 10.—Police raids on the pamphleteer headquarters yesterday resulted in the discovery that several of the royal family, including the Prince of Wales, have sent regular contributions to the militant funds, while the queen tried to contribute, but her offer was refused. These contributions do not mean that royalty favors the militants. On the contrary, it really amounts to paying blackmail for immunity for the person and property of the royal family from militant attacks. When the raids were made and the lists of subscribers found, the government lastly announced that it would immediately begin prosecutions on the charge of supporting a criminal organization, but the minute examination disclosed among the subscribers several nobles, including the Duchess of York, the Duchess of Devonshire, the Duchess of Portland and Westminster, and many Americans, including the Duchess of Marlborough, the Countess of Essex and Lady Cranley. The royal and noble subscribers, however, seem unwilling to become complainants and witnesses, and without aid from them, nothing can be done. Of course many subscribers are strong supporters of militancy, but they also are safe as long as the government cannot prosecute them and refrain from prosecuting the others. So the militants seem to have scored on the government once again.

## Had Stomach Rumbblings Distress Before Meals

Was Seldom Free From That Weary, Droopy Half-Dead Feeling.

Now Cured, and Gives Good Advice to Others With Dyspeptic Tendencies.

If you have any stomach distress at all you will certainly be interested in the following experience which is told by Mr. Edward Dawkins:

"When I was working around the farm last winter I had an attack of inflammation," writes Mr. E. P. Dawkins, of Fort Richmond. "I was weak for a long time, but was enough to work until spring. But something went wrong with my bowels for I had to use salts or physic all the time. My stomach kept sour, and always after eating there was pain and fullness, and all the symptoms of intestinal indigestion. Nothing helped me until I used Dr. Hamilton's Pills. Instead of hurting, like other pills, they acted very mildly, and seemed to heal the bowels. I did not require any more salts or physic. I was able to eat anything, and I was no longer sick. Today I am well-to-do, no more stomach, a good appetite, able to do anything. This is a whole lot of good for one who has been so long sick. I can say Dr. Hamilton's Pills are the best pills, and my letter, I am sure, proves it."

Refuse a substitute for Dr. Hamilton's Pills of Maudsley and Butterfield, 25c per box, five for \$1.00, at all druggists and storekeepers, or post paid from the Caturrhoea Co., Buffalo, N. Y., and Kingston, Canada.

Used, the militants being unwilling to lose their most valuable advertisement. Among the leaders on the list are the Duchess of Portland and Westminster, and many Americans, including the Duchess of Marlborough, the Countess of Essex and Lady Cranley. The royal and noble subscribers, however, seem unwilling to become complainants and witnesses, and without aid from them, nothing can be done. Of course many subscribers are strong supporters of militancy, but they also are safe as long as the government cannot prosecute them and refrain from prosecuting the others. So the militants seem to have scored on the government once again.

When the royal names were found on the list the militants had to give up the idea of prosecutions of subscribers, but is now considering prosecution of the militants for blackmail. The royal and noble subscribers, however, seem unwilling to become complainants and witnesses, and without aid from them, nothing can be done. Of course many subscribers are strong supporters of militancy, but they also are safe as long as the government cannot prosecute them and refrain from prosecuting the others. So the militants seem to have scored on the government once again.

## CUNNINGHAM CRAIG SHOWS WHY CALGARY SHOULD BE PRODUCER

Calgary, June 10.—The most hopeful words that have yet been spoken for the Calgary oil fields were voiced yesterday at noon by the Hon. Cunningham Craig, the noted British oil engineer, before an audience at the Canadian club which crowded the hall. Mr. Craig declared that the oil fields with other oil fields throughout the world Mr. Craig showed clearly how analogous conditions existed in the Alberta fields. He dealt with the criticisms of doubters who thought this field might be too small and failed by overblasts to be a producing field by pointing out that precisely similar conditions existed in some of the most highly productive oil fields of the world.

## SEVEN BURNED TO DEATH IN NEW YORK TENEMENT HOUSE

New York, N.Y., June 10.—Seven persons, four of them women, were burned to death and eight more were injured in a fire that spread through an old style tenement house early today. More than a score of others were seriously hurt. The fire broke out shortly before four o'clock by a tenant who saw a finger of flame dart from a locker under the stairs and screamed a warning. But the fire whirled through the tenement so rapidly that the escape was cut off before all the tenants had been aroused.

A woman and her son were killed by leaping from a window.

Fresh as Ever Again.

R. P. Lewis, better known as "Dick," or the manager of the St. Helier club, was confined to his room for a week with an attack of neuritis, pneumonia. Last night and this morning, however, the arm which was sore was busy again, and he has with the numerous friends which Mr. Lewis has around the popular central hotel.

He has recovered, it is thought completely.

Stampede at Glenora.

The stampede commenced at Glenora tomorrow and lasts for two days. Competent men are in charge, special rates have been secured on the railways, the weather gives promise of behaving, and everything points to the stampede proving a big success.

HELP THE GIRLS!

St. Anthony's Social Tonight.

The lawn social of St. Anthony's church, south side, will be held this evening as originally planned, on the separate school grounds. On account of the wet weather of the last few days it was to be postponed, but after the change yesterday, the date was again fixed for tonight.

Local sanitary inspection of dairies will be held this evening. The health officer, who prepared the new regulations, was a member of the international commission on the control of bovine tuberculosis and a recognized authority on the subject, and his special qualifications in this direction were fully influenced the honorable Mr. Burwell when he selected him as veterinary general a year and a half ago.

## C.M. AND BIL PASSES SENATE BY 15 VOTING

Vote Shows Split in Both Parties Liberals Mostly Against the Vote.

## ONLY ONE CONSERVATIVE OPPOSES THE MEASURE

Liberal Supporters Are Railed by Colleague for Enacting Big Farce.

Ottawa, June 10.—The Canadian Northern bill received a third reading in the senate yesterday afternoon and as soon as formally assented to by the high lords of the Duke of Connaught, the bill was passed.

Thirteen liberals voted in favor of the bill on third reading. They were: Bowdell, Mitchell, David, Hill (Mont. Jaw), McHugh, Frost, Thibodeau, Edwards, Derbysire, Dwyer, Young, Watson and Talbot. All the conservative senators voted in favor of the measure except Senator Monaghan. He was one of the dissenters in the upper chamber, having been appointed to the senate in 1911 by Sir John Macdonald. He voted for the bill on second reading.

Four liberals who voted for the bill on second reading were not on the list on the third reading were: Platt, Izett, Desaulles. The absence of the vote therefore is that 13 liberals and 22 conservatives voted for the bill on the third reading, with 18 liberals and one conservative against.

In the above estimate Sir Lyman Jones is mistaken. His conservative colleague has voted with the government since his appointment that he had left the liberal party.

Majority of 15

The vote on the third reading was really on a motion by Senator Cheyette that the bill be reported to a committee for investigation, this being rejected by 22 to 13.

The royal and noble subscribers, however, seem unwilling to become complainants and witnesses, and without aid from them, nothing can be done. Of course many subscribers are strong supporters of militancy, but they also are safe as long as the government cannot prosecute them and refrain from prosecuting the others. So the militants seem to have scored on the government once again.

## ERADICATE BOVINE TUBERCULOSIS IN CITY DAIRY HERDS

Co-operative Plan Between Cities and Government is Announced.

## DETERMINED ATTEMPT GRAPPLE WITH EVIL

Inspection of Dairies Will Be One of New Regulations Enforced.

Ottawa, June 10.—The following statement of interest to the public is being issued by the department of agriculture:

"For the past two years Martin Burrell, minister of agriculture, has been taking some steps towards the lessening of bovine tuberculosis. The relation of bovine tuberculosis to human tuberculosis is well known and the transmission of the disease through milk from infected cows is no longer a matter of serious dispute. A careful perusal of the writings of those who have written on this subject reveals a state of things, especially in connection with the mortality of the children of the poor, that must arouse deep public concern."

"Nearly every civilized country is attempting at least something in the direction of controlling or eradicating the disease, which not only involves the economic loss to cattle owners but which is a constant menace to public health. The problem in Canada, as elsewhere, is both a large and a complicated one, nor can a permanent solution come without co-operation between federal, provincial and municipal authorities backed by the enlightened support of the individual owner."

The veterinary branch of the federal government of agriculture, formerly under the direction of Dr. H. M. Turner, has lately under the capable present veterinary director, Dr. Torrance, has largely succeeded in the work of stamping out contagious diseases of animals, such as glanders and hog cholera. Jurisdiction, however, is concurrent, and amongst the provinces, British Columbia has made the most advanced step by enacting a law providing for the slaughter of and compensation for dairy cattle infected with tuberculosis and with very satisfactory results. By a recent federal order-in-council regulations have been authorized which will empower the department of agriculture to enter into an agreement with cities for the definite object of eradicating bovine tuberculosis from all dairy herds supplying milk to the cities in question.

"Local sanitary inspection of dairies will be held this evening. The health officer, who prepared the new regulations, was a member of the international commission on the control of bovine tuberculosis and a recognized authority on the subject, and his special qualifications in this direction were fully influenced the honorable Mr. Burwell when he selected him as veterinary general a year and a half ago."

St. Anthony's Social Tonight.

The lawn social of St. Anthony's church, south side, will be held this evening as originally planned, on the separate school grounds. On account of the wet weather of the last few days it was to be postponed, but after the change yesterday, the date was again fixed for tonight.

# Universal Oil Fields Ltd.

## A Strong Edmonton Company That Will Make Money For You

HERE ARE SOME SOUND REASONS THAT WILL CONVINCE YOU

**THE DIRECTORS:**

PETER RULE, Mang-Dir., The Peter Rule Construction Co., Edmonton, Alberta, President.

PAUL von AUEBERG, Civil Engineer, Edmonton, Alberta, Vice-President.

These are men whom you know, men whose names are sufficient to warrant confidence in our proposition. And they do not receive any salary or promoters' stock whatsoever for their services.

**OUR HOLDINGS:**

N.W. Sec. 34, Tp. 47, R. 27, W. of 4th Mer. S.E. Sec. 34, Tp. 47, R. 27, W. of 4th Mer.

These holdings were selected by oil experts long before the rush for leases started and the Herron-Elder people and many others have located extensive claims here. These lands are situated on the most favorable geological structure for the concentration of petroleum, as is proven by the reports of such well-known experts as Prof. Allen of the University of Alberta, who, after going carefully over the Bonnie Glen fields in the centre of where some of our holdings, reports in conclusion: "Gentlemen, you have the very best of conditions as above quoted and the whole area is favorable, making an immense field which on development will give this province the greatest oil-producing country in the world."

Norman Fraser, Oil Expert, reports that the Bonnie Glen District, west of Wetaskiwin, has oil indications which, in his opinion, are better than in any other district in Alberta.

**THE TREASURY STOCK**

will be used wholly and exclusively for the development of the property after necessary preliminary expenses are paid. No Directors' Shares to be offered before the present issue is sold. CERTIFICATES are issued without delay upon payment.

**150,000 Shares at \$1.00 Par Value offered as FIRST ISSUE FOR SALE AT 25c For a Limited Time 25c**

## MISSING SEVEN YEARS: THINKS SHE'S WIDOW

Washington, June 5.—After waiting more than seven years, with no word from Albus Stephen, a woman in this city, Mrs. Edith Yoder Johnson, believing herself to be a widow, has started her own private.

The document was executed in January, 1900, no specific date being mentioned. It is attested by the required number of witnesses. It was filed in the probate court by Attorney John J. McMahon, representing Mrs. Johnson, and the bottom of the formal statement accompanying the will are the words: "I presumed to be dead not having been heard from in seven years."

While a resident of Washington, Atorney Johnson specialized in land office practice. He made considerable money. It is stated, but later met with financial reverses and went West. He became interested in mines in Arizona and Nevada, but it has not yet been learned whether he made money.

From the information obtainable, Johnson met death in a mine cave-in in Arizona. Reports to that effect were heard here, but they have not been confirmed. The reports seem also to be uncertain as to whether it was a Nevada or an Arizona mine in which Johnson was killed.

Every effort has been made by his family and his lawyer to get a clue to the testator's whereabouts, if living but without success. Advertisements asking for information about him have been published in the country.

He seems to have had a varied career in the West, for when last heard of directly he was on the staff of the Chronicle, a newspaper published in San Francisco. That was a few months before the earthquake and fire.

W. L. Rowland in City.

W. L. Rowland, J.P. from Jasper, is spending some time in the city a few days. He reports great progress has been made with the toxicine insecticide which was on the shelf, so long promised, is still hanging fire. Fishing is the favorite pastime at present, and he is not having been caught in Pyramid lake.

North Edmonton Library.

The contract has been let for the building of the North Edmonton library to Brown and Hargrave of Edmonton, the contract price being \$1,938, which was the lowest tender. Other tenders ranged from \$4,254 to \$4,755.

A new Tennessee law makes provision for fire-escapes on workshops and factories two stories or over in height.

Receiver is Appointed.

London, June 10.—An important sequel to the suspension of payment by the Canadian Agency was the appointment of a receiver for the Southern Alberta Land company at the instance of United States debenture holders, who are debenture holders. The money in question had not yet become payable, explained counsel, but they feared it was in jeopardy. Mr. Justice Joyce appointed Sir James Finlay.

On a Business Trip East.

Russell Fraser leaves today on a business trip to Chicago and other eastern points.

HELP THE GIRLS!

### MORTON COMEDY CO.

"The Irish Melodrama"

FRIDAY—Amateur and Professional Tryout Night.

Webb Pupils Successful.

Madame Kate Webb of the Dominion Academy of Music, who has been in Edmonton since April, 1913, was most successful with her pupils in recent recitals and examinations. At the Alberta Musical Festival five pupils distinguished themselves, viz.: Flora Scott, 1st mezzo soprano; Edna Ross, silver medal, 1st girl soloist, and three gained certificates for 2nd place in the respective classes.

At the examination of the Associated Board of Royal Academy and Royal College of Music, held in Edmonton on May 27, Madame Webb entered 17 pupils and all passed, four gaining honors. The winners were: Leslie Seaborn, Dore Holt (distinction). Elementary piano—Arthur Stewart (distinction). Allen Brown (distinction). Leslie Seaborn, Leonard, Margaret Leonard, Melinda Jones, Grace Griffiths, William Saunders, Fred Stroud, and Leonard. Violin—Maude Glaspie and John Schultz.

Brakeman Killed at London.

London, Ont., June 10.—Jas. Nelson, 22 years of age, a Grand Trunk brakeman living at 14 Campbell avenue, this city, was killed at Kilmora, near here, yesterday morning when, in an effort to recover his bag, which had blown off, he stepped into the path of a locomotive, which was taking a switch. Nelson was a native of England.

## BAD BLOOD IS THE DIRECT CAUSE OF Pimples.

Pimples break out on the face and body, and it is impossible to get rid of them, unless you cleanse the blood of all its impurities.

Burdock Blood Bitters is without a doubt, the very best medicine for this purpose.

This old, and reliable medicine has been in use for nearly forty years, and has a reputation unequalled by any other preparation for removing all the impurities from the blood and banishing the pimples.

Mr. Edward Paquette, Navan Centre, Ont., writes:—"One month ago my face was covered with pimples and a rash. I had tried a number of these so-called blood purifiers with no avail. Seeing advertisement of yours in which you strongly recommend Burdock Blood Bitters, I decided to try a bottle, and after I had taken it, I could see a decided change, and after using three bottles more, the pimples had completely disappeared."

Highways in Missouri are to be lined with peach and other fruit trees and the legislature will pass laws to protect them.
